

Be protected against

Meningococcal disease

It's a really serious disease that could affect you – but you can be protected.

Meningococcal vaccines are **FREE** for people aged 13-25 years in their first year of close-living situations (including up to 3 months before), such as boarding schools and halls of residence.

For more information about getting immunised or to book your vaccination talk to your doctor, nurse, pharmacist or healthcare provider, call the **Vaccination Helpline** on **0800 28 29 26** or visit **info.health.nz/bookavaccine**
