

MEASLES ALERT

Have you:

- Had contact with a person with measles in the last 3 weeks?
- Had ANY measles symptoms, including:
 - Fever
 - Cough
 - Runny nose
 - Red eyes
 - Rash – this may appear a few days after cold-like symptoms and usually starts on the face and neck.

If yes to any of the above:

- Put on a mask
- Inform staff of measles risk

Our staff may need to isolate you to protect others.
